## Provider Notice 02-06

The Alabama Medicaid Agency will implement new contracts for its Maternity Care programs in all Alabama counties (except Mobile County) on June 1, 2002.

In order for Medicaid to compensate providers for maternity care services, eligible pregnant women must receive their maternity care from the Primary Care Contractor for the district in which they reside. **Medicaid recipients who are not required to participate in the Maternity Care program include:**

- 1) Those recipients who have both Medicare and Medicaid,
- 2) Women who are members of a federally recognized Indian tribe,
- 3) Females under age 19 who are on SSI,
- 4) Children certified for Medicaid under specific Medicaid waiver programs for the physically and mentally disabled (institutional deeming)
- 5) Foster children or children in other out-of-home placement,
- 6) Certain disabled children who participate in Medicaid-recognized specialty clinics.

### For pregnant women who currently reside in a Maternity Care program county, the following applies:

1. If the recipient is in her third trimester (27 weeks or greater as of June 1, 2002) and the physician who the patient has been seeing is not enrolled with the new Primary Contractor, then the woman may be granted an exemption to remain with that provider until delivery. The exemption request must be coordinated through the new Primary Contractor. The Primary Contractor will be responsible for coordinating the exemption with Medicaid. Such exemptions must be received by July 31, 2002.
2. If the recipient does not qualify for the third trimester exemption as described above, she will be required to enroll with the new Primary Contractor for her district. The Primary Contractor for her district will become responsible for services provided to her beginning 12:01 a.m. on June 1, 2002.

If you are interested in being a subcontractor under the new program or have further questions, please contact the Primary Contractor for your district. If you currently are providing services to pregnant women who reside in one of the districts below, please contact the Primary Contractor to set up a transition plan.

Providers with questions regarding the Maternity Care program in these counties should contact Medicaid at (334) 242-5524.

Signed:

Mike Lewis, Commissioner
